

13 Pt. Manila Shipping Tags

When your shipments demand a tag that can take more abuse, the step up to 13 pt. manila shipping tags is the right call. The thicker card stock is noticeably more rigid and tear-resistant than standard 10 pt. tags, making it **the preferred choice for industrial shippers, freight operations, and anyone tagging items that will be handled repeatedly**. The reinforced eyelet holds firmly whether you're attaching wire or string, and **the generous writing surface accommodates all the routing, weight, and order details your operation requires**.

MODEL NO.	DIM. L X W	INFO	Price Per Case	QTY/ CASE	LBS/ CASE
			Special: Any Quantity		
G10012	2 3/4 x 1 3/8	Manila	\$40.03	1000	3.0
