

15 Pt. Jumbo Manila Shipping Tags

Some jobs simply can't be handled with a standard-sized tag. The 15 pt. jumbo manila shipping tags are **purpose-built for large freight, oversized items, and industrial applications where visibility and legibility matters as much as durability.** Coming in significantly larger than our other manila shipping tag options, these tags give you a canvas big enough to **clearly display all the shipping, routing, and handling information your load requires.** The 15 pt. card stock is the thickest and most rigid in the manila tag family, standing up to the rough conditions that come with heavy freight and long-haul transport without tearing, creasing, or becoming illegible.

MODEL NO.	DIM. L X W	INFO	Price Per Case	QTY/ CASE	LBS/ CASE
			Special: Any Quantity		
G10091	7 1/2 x 3 3/4	Manila	\$129.00	500	3.0
