Double Roll Paper Cutters

If you go through multiple paper rolls throughout the day, our double roll paper cutters are the space-saving solution for you! Their stacked design **allows two rolls to be loaded at once**, saving you valuable floor and counter space while improving efficiency. Built with a durable construction, our double roll paper cutters **deliver consistent cuts for wrapping and packing**. Our double roll paper cutter can be mounted on a counter or sat flat on a floor, making them a practical choice for warehouses, fulfillment centers, or any other operations that needs reliable access to multiple paper types.
