

# Delicate Instrument Labels

Delicate instrument labels are more specialized "fragile" labels, designed to clearly identify fragile or sensitive equipment during handling, storage, and shipping. These high-visibility labels alert handles that the contents of a package require extra care, **helping to reduce the risk of damage to precision tools, medical instruments, glassware, or other delicate items.** Durable and easy to apply, delicate instrument labels improve safety awareness, supporting proper handling in labs, warehouses, and medical facilities.

## Delicate Instrument 1-1/2 X 4 (B)

Qty	1	2-4	5-9	10-24	25+
