Gaylord Boxes

Gaylord boxes are large, heavy-duty containers designed to ship or store bulk items, oversized products, or large quantities of smaller goods. These boxes are most often used in industrial, agricultural, and warehouse settings due to their **spacious design and sturdy corrugated walls**. All gaylord boxes' dimensions are interior dimensions and ship flat in bundle quantities. The minimum order is only 1 bundle per size. To reduce freight costs, we combine bundles whenever possible. If you would like a quote on 500 pcs or more, simply fill out our contact form.

Standard = ECT 32 Single wall Heavy Duty = ECT 44 Single wall Xtra Hvy Duty = ECT 48 Double wall
