

Mil-Spec

When your shipments need to meet military or government standards, a standard packing list envelope won't cut it. Mil-spec packing list envelopes are constructed to satisfy the rigorous documentation requirements of defense contractors, government suppliers, and GSA vendors, **ensuring your paperwork is properly presented and protected in compliance with military specifications.** Like our other packing list envelopes, these are pressure sensitive and adhere directly to the outside of a shipment. With heavy 2 mil poly construction, our mil-spec packing list envelopes guard enclosed documents from the hazards of transit.
