

USA

For businesses that want to showcase their American roots on every shipment, these USA Packing List Enclosed envelopes **combine the functionality of a standard clear face document envelope with patriotic branding**. The clear poly construction keeps your packing list or documentation fully visible without having to open the envelope. A printed USA design adds a distinctly American touch that **resonates with customers and partners who value domestic sourcing and national pride**. Like our other packing list envelopes, our USA packing list envelopes are pressure sensitive for easy application and built from heavy 2 mil poly to protect documents from moisture and handling during transit.
