

Resealable Clear Face Document Envelopes

Sometimes, a document envelope needs to survive more than one shipment. Our Resealable Clear Face Document Envelopes are **designed for situations where the enclosed paperwork will be accessed, reviewed, and reused**, making them the right fit for product instructions, warranties, service documentation, inspection records, and any materials that need to travel with a product across multiple touchpoints. Built from strong 2 mil poly that resists water, oil, and dirt, these envelopes **can handle repeated handling while keeping contents clean and protected**. Pressure-sensitive backing adheres securely to any clean surface and a resealable closure maintains its integrity through repeated opening and closing.
