Packing Peanuts

Loose fill packing peanuts and newsprint remain some of the most effective and economical ways to protect products during shipping, **conforming around irregular shapes, absorbing impact, and preventing contents from shifting inside a carton Styrochip bio** is a biodegradable loose fill made from natural starch, making it a responsible choice for businesses looking to reduce their environmental footprint without sacrificing protection. **Standard newsprint**, on the other hand, is a trusted, cost-effective void fill for high-volume shipping operations, Whether you're packing fragile parts, merchandise, or mixed-content cartons, our loose fill will keep your shipments protected.
